Two albums of cuttings exist: one was kept by N. Watt and came to me from Claude Henry, his son-in-law; the other was kept by Tom Johnston and was loaned to me by his son. The Watsonian game is not fully recorded in any newspaper I saw nor do the two cuttings in the albums give the Watsonian innings so we are dependent on the P. King cutting.

The two evening Watsonian game is poorly reported in all the papers I have seen. The first evening play of the R.H.S. batting is there but nothing else. P. King, under the R.H.S. entry gives the usual few batting performances which I have accepted and N.Watt's scrap book has some inked additions which don't appear to tally. The Watson's College F.P. entry does not tally with either score. So there are 9 wickets which I have not been able to allocate in these averages.

- Two scrapbooks exist: (i) Nat Watt's given to me by his son-in-law, Claude Henry
(ii) Tom Johnston's loaned me by his son

Hind of Dunfermline had a hat-trick which involved N.Watt, ADR. Douglas & WR. Gibson

W. Brander is an alias

Against Selkirk in Sept. the following were great players: W.H. Bennett (Australians), D. Somerville (L.Col.), J.A. Lawson (B.V.), G.F. Reid & R. Shute. I suspect that Lawson & J.A. Lawson are the same player. R. Waller might well be the Perth player. J. Henderson is also L.Col.
