Against the total of 40 by Demofarmine, School reached 38-6 when G.W. Lawson hit a 4 for the win only to see the remaining four wickets fall without addition, leaving him with 22*

The Edin. Inst. F.P. game was continually interrupted by rain which explains the small totals.

At Selkirk AAC. Deekson had travelled to stand umpire but had to turn out in mufti and a borrowed sweater .. which was fortunate as School were 26-5 when he went in to finish with 44*

The tour in the North of England was a joint venture with Heriot's but I have included those games in the card and averages.

1925

The tour to the Lake District was a joint venture with Kendri but I have included the fixtures and figures for those games. In the last overleaf the Herods players have been marked with 0.

In the opening match against Dumfries W. Dawson carried his bat for 22*. Facing a total of 40 School were 38-6. Dawson then hit a four to win the match and then saw the last four wickets fall without a run being added.

Against Selkirk A.C. Dickson had travelled down as umpire but had to turn out in mufti and a borrowed sweater because someone failed to turn up. When he went in the School were 26-5 and after losing P. Hunter he and J.C. Dickson batted out to more than save the match.
